

Before you proceed, please read all safety information on back!

Removing Your Firenze™

Step 1

Open all 3 Cartons and carefully remove product from all Packaging. Carton 1 will contain your Base, Carton 2 will contain 1 Cylinder and 1 Fuel cup and Carton 3 will contain 6 Logs and 1 Bottle of Sunjel Fuel (and your assembly instructions).

Step 2

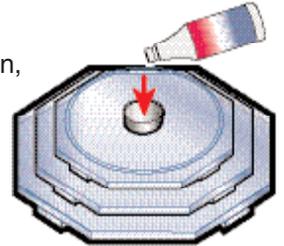

Place Base in Desired Location prior to Assembly.

Prepare and Lite Your Firenze™

Step 3

Once Base is in desired location, fill the Fuel Cup ? full using the provided Sunjel Fuel. It is important to remove any excess or spillage before proceeding to the next step.

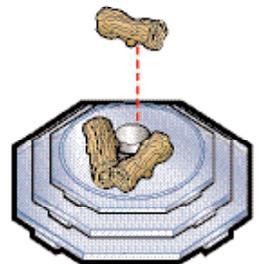

Note: Use only the provided Sunjel fuel in your Fireplace.

Fuel refill bottles available at amoredesigns.com or By calling 877-266-7306

Step 4

Place your firelogs onto the base allowing sufficient room to ignite fuel.

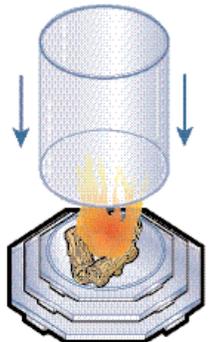

Step 5

Using a multi-purpose long wand lighter or long stem match, ignite the fuel in the fuel cup.

Step 6

Carefully slide the glass cylinder over the fire and rest it securely into the grooves located on the base.

Step 7

Enjoy your Firenze Glass Fireplace!

Step 8

Note: If the fire needs to be extinguished prior to the fuel source burning off, use a snuffer tool or use the extinguishing tool if provided with your fireplace.

Read Danger and Warnings below before using your Firenze™

DANGER

If you fail to follow the Warnings below, a fire, explosion or other accident could result, which may result in property damage, serious bodily injury or death.

WARNINGS:

- The FIRENZE™ Fireplace should be treated with same caution as any other device containing an open fire.
- The FIRENZE™ Fireplace may be dangerous if not assembled, serviced or maintained properly. Follow all instructions carefully.
- Certain FIRENZE™ Fireplace surfaces could become hot when in use.
- Do not add fuel while unit is hot or while flame is burning as injury could occur.
- Keep away from combustible materials and fluids such as clothing, furniture, kerosene, gasoline and alcohol.
- Keep away from open combustible sources such as gas stoves and other fireplaces.
- The FIRENZE™ Fireplace should never be used unattended.
- Children should not use the Fireplace.
- Pets should be kept away from the FIRENZE™ Fireplace when in use.
- The FIRENZE™ Fireplace should be placed only on stable non-flammable surfaces.
- The FIRENZE™ Fireplace should not be moved while flame is in use.
- Do not drop or mishandle the FIRENZE™ Fireplace as damage and breakage can occur.
- Do not operate the FIRENZE™ Fireplace if any parts are broken. Contact Amore Designs Customer service 8-4pm EST at (877) 266-7306 for replacement parts. Only Amore Designs factory authorized parts should be used.
- Repairs and replacement of parts should be done by a qualified service person.
- The FIRENZE™ Fireplace must be used in a well-ventilated area.
- Only the proper SUNJEL® fuel, or other fuel recommended by Amore Designs, should be used with the FIRENZE™ Fireplace. Do not use wood, paper or other combustible materials.
- The use of any part not factory authorized by Amore Designs, the failure to follow the instructions and/or abide by the warnings may be hazardous and may void your warranty.

Amore Designs has a 1 year limited warranty on the FIRENZE™ Fireplace.
